

Dr. Haney, my name is Pablo A. Magdaleno and I was just awarded The American Society for Quality Control Section 1401 Scholarship. I want to thank you with deepest sincerity for this opportunity you have given me.

I am a first-generation college student who counts with his parents support. Unfortunately, they are unable to pay for my college expenses and I find my-self outside the range of receiving financial aid. So far, with the help of my employer I have managed to stay in school but it is becoming more difficult. Scholarships like this, based on merit, and donors like you make a world of difference to students like me.

This is my last semester as a Junior at UTEP. I am a Business Administration major with a concentration in Operations and Supply Chain Management. I hope to graduate by May of 2010 and secure a job that will support my wishes of continuing my education via a master's degree. I have learned so much at this institution and I find my-self anxious and eager to put it into practice.

Once again, I want to thank you for this opportunity you have provided for me, I can only hope to be able to do the same for someone else in the near future.

Appreciatively,

Pablo A. Magdaleno

Thank You
